

Latin Explained: Payment Details

Domestic Payment

Bank Name	Barclays Bank PLC
Account Name	P R G DAY-MILNE
Sort Code	20-99-40
Account Number	83613984

International Payment (4 Options)

1. Pay via Wise (most set-up, lowest cost)

Pay the quoted GBP fee into my Wise GBP balance using your Wise account. You will be able to fund the payment by making a domestic transfer to Wise in your own currency.

Wise charges only a 0.4% markup on the real market exchange rate.

Wise accounts take around 15 minutes to set up. You may wish to use this referral link:

<https://wise.com/invite/u/peterrobertguyd>

2. Pay in USD/EUR/CAD/NZD/AUD/SGD via a domestic bank transfer to my Wise account or my Euros account (the middle option as to set-up and cost)

Step 1): obtain a quote from me in your currency. Quotes are valid for 72 hours, and include a 1% markup above the Wise exchange rate.

Step 2): pay money equal to the quote into my USD/EUR/CAD/NZD/AUD/SGD Wise account via a domestic bank transfer (e.g., an ACH transfer in the USA).

Alternative step 2 for Eurozone payers): pay the quoted Euro sum into my Euros account with my UK bank (there is no transfer fee):

Bank Name:	Starling Bank PLC
Account Name:	Peter Day-Milne
IBAN:	GB71 SRLG 6083 7113 014 491

3. Pay in GBP via an international bank transfer (least set-up, highest cost)

Pay the quoted GBP fee into my British bank account via an international transfer using the below details:

Bank Name:	Starling Bank PLC
Account Name:	Peter Day-Milne
IBAN:	GB29 SRLG 6083 7158 403 196

Please note that most high-street banks, when one makes a cross-currency transfer, add a markup of 3% or more to the market exchange rate.
